

# THE Cohansey River FEST

**Saturday, August 28** is almost here, and the number and quality of planned events has exceeded our wildest expectations!

**That means lots of fun! But it also means: We need some help!**

**Would you consider sharing an hour or two of your time?**

We especially need volunteers to assist in directing children's activities and manning displays for the Cousteau Center's host of fun and educational family activities. These will introduce Fest-goers to amazing marine scientists, underwater robots, and fascinating animals including **this year's feature creature—the Atlantic sturgeon.**

**To volunteer, please contact Lisa Calvo by phone or email.**

**PLUS--PLEASE NOTE: An organizational meeting for volunteers will be held at the Center on August 23rd at 5:00pm.**

...And of course while you're down by the river you'll get to join in many of the other **FIRSTEVER Cohansey RIVERFEST events**, all designed to help you discover and explore the river region via bike, boat and walking tours, along with a host of fun activities that celebrate the area and its vast natural and cultural resources.

**Thanks!!**
